" " The Governor pardoned Richard Foster, a convict in the Penitentiary, from the County of St. Louis, for the crime of Larceny, for the term of four years, on representation from the Physician of the Pen. that said Foster was labouring under the Consumption said pardon issued on condition of his leaving the State never to return.

" 11 The Governor remitted a fine of fifty dollars assessed on W. N. Finley, for failure to perform duty in the Mormon Campaign, inflicted by the Court Martial of the first Brigade 3rd Div. M.M. (Sabine Cty)

12 The Governor granted a certificate that Joseph Walsh was on the 9th July 1839, a Notary Public for St. Louis County, on his account in favour of Remy Chotean, for Canada—

" " The Governor commissioned Lorenzo A. Norman a Justice of the County Court of Clinton County in the place of Stephen Street removed—

" " The Governor issued patents for the following School lands to the following named persons, on the days set opposite respectively the name of each.

July 23rd The Governor issued the following proclamation, on reading a Proclamation from Gov. Lucas of Iowa, denying the jurisdiction of the U.S. to a certain territory on the Northern boundary of this State.

"A Proclamation

By the Governor of the State of Missouri.

Whereas a publication has appeared in the public prints of this State, purporting to be a proclamation issued by the authority and bearing the name of the Governor of the Territory of Iowa, declaring that certain Organic Act of said territory entitled "an act to prevent the exercise of foreign jurisdiction within the limits of the territory" shall extend to and be in force within a certain district of land lying within the boundaries, and subject to the jurisdiction of the State of Missouri and authorizing the arrest and trial before the judicial tribunals of Iowa, of all persons residing within the limits of the said territory as the same have been declared from the acceptance of any such office or ticket - calling upon the Executive officers of the territorial counties bordering on this State to be careful that the laws of the United States and of said Territory be respected enforced and faithfully executed within the boundaries of Iowa, as they are at present organized, and exhorting all such officers to promptitude and vigilance in the discharge of their respective duties and to be vigilant in protecting the inhabitants who, it is pretended, reside within the limits of the said territory of Iowa, and moreover to exercise the power of arrest within a certain County, which, since, and by the terms of the ad-

to be carried

1839
Aug. 23.

mission of the State of Missouri into the Confederacy of the United States has been and still is subject to the authority of this State, and over which the Territory of Iowa is now seeking to extend an unwarranted and unauthorized jurisdiction and—

Whereas by an act of the Congress of the United States entitled "an act to authorize the people of the Missouri Territory to form a Constitution and State Government, and for the admission of such State into the Union, on an equal footing with the original States, and to prohibit Slavery in certain territories" Approved March 6. 1820. the territory of the State of Missouri had been set forth, prescribed and forever ceded by the United States to said State as the same is declared to be included within the following boundaries to wit

"Beginning in the middle of the Mississippi River on the parallel of 36 degrees of North latitude; thence West along that parallel of latitude to the St. Francois River; thence up and following the Course of that River, in the middle of the main Channel thereof to the parallel of latitude of thirty three degrees and thirty minutes; thence West along the same to a point where the said parallel is intersected by a meridian line passing through the middle of the mouth of the Kahokia River, where the same empties into the Mississippi River; thence from the point aforesaid, north along the said meridian line to the intersection of the parallel of latitude which passes through the Rapids of the River Des Moines (making the said line to correspond with the Indian boundary line, thence East from the point of intersection last aforesaid, along the said parallel of latitude to the middle of the main Channel of the main fork of the said River Des Moines to the mouth of the same, where it empties into the Mississippi River; thence due East to the middle of the main Channel of the Mississippi River; thence down and following the Course of the Mississippi River in the middle of the main Channel thereof, to the place of beginning—

Which said boundaries have been ratified by and incorporated into the Constitution of this State.

And Whereas by an act of the General Assembly of the State of Missouri, entitled "an act defining the Northern boundary line of this State" approved February 16. 1839, it is enacted as follows

§1. The lines as run and marked out by the Commissioners appointed by this State, from the Rapids of the River Des Moines to the Missouri River in the year 1837, be and the same is hereby declared the Northern line of this State.

§2. This act shall take effect, and be in force from and after its passage."

"Which line mentioned in the first section, as appears from the report of said Commissioners, filed among the archives of this State, commencing at the Rapids of the Des Moines, on the parallel of north latitude of 40° 44' 06", runs with said parallel westwardly until it strikes the Missouri River —

Now Therefore, I Lilburn W Boggs Governor of the State of Missouri, by virtue of the authority with which I am invested by the Constitution and laws of this State, and in fulfilment of the obligation thereby imposed on me "to take care that the laws be duly distributed and faithfully executed throughout the State" do hereby order and command the officers, Civil and military, of the Counties of this State adjoining the northern boundary, as the same has been declared and established by the legislature of Missouri, that they cause the laws of this State to be observed and faithfully executed within the limits of their respective Counties, and that if they are forcefully obstructed in the execution of any process, or the exercise of any official function by persons who claim not to be Citizens of this State, and deny its jurisdiction, and Authority within the limits aforesaid, that they call to their aid the power of the County, within which they are authorized to act; and if said obstruction arises from any unlawful act of three or more persons that they report the fact to some Judge or Justice of the Peace of this State, in order that a Proclamation may be issued, commanding the persons thus assembled to disperse themselves, and depart peaceably to their homes and in the Event that such assemblage refuses to disperse when thus commanded or are armed or make forcible resistance to such officers, then said officers are hereby commanded to call to their aid, either the power of the County, or a sufficient number of Militia or other persons in arms to disperse said assembly, arrest the offenders and maintain the authority of the Laws

1839
Aug. 23.

And I do further direct, and order that the officers of the Militia of the State of Missouri, as well themselves and their respective Commands in readiness to render any assistance that may be required of them by the proper Officers, in quelling any disturbance within the limits of this State, in enforcing the Execution of lawful process, sustaining the Civil Officers in the exercise of their official functions, and in fully maintaining the dignity of this State, and the supremacy of its laws.

And I do moreover forewarn all persons residing within the limits of the territory embraced by the present boundaries of the State of Missouri, as they have been established by the laws thereof, from daring to usurp upon themselves any office of public trust, or exercise any power or do any act appertaining to such office or trust without a lawful appointment or deputation therefor, from the proper authorities of this State.

And I do moreover expressly require all officers, Civil and Military, of this State, while they are required to execute fully their official duties within the aforesaid limits, over which the Indian Territory of Iowa claims to be entitled to extend its authority, by virtue of a pretended title, and the exercise of an unlawful jurisdiction, so to conduct themselves, as to create no unnecessary excitement, and to use their utmost efforts, consistently with the requisitions of the laws of this State, to suppress any needless collision and to maintain an unbroken feeling towards the Citizens of this State, and of the United States residing within the territory of Iowa, and in every respect in the discharge of their official functions to conform strictly and literally to the laws of this State.

In this fellow feeling the duty imposed upon me by the Constitution and Laws of the State which are to be considered that no right exists, which enables the Executive to interpose its power in order to arrest or even delay the progress of the Civil authority, until such time as the cause of the present difficulty may be removed, and that no alternative is left but to carry the laws of this State into full and complete execution, I must at the same time express my extreme regret that the peaceful and kind intercourse of friendly feeling between the Citizens of this State, and the Citizens of the United States residing within the Territory of Iowa is likely soon to be unhappily in-

founded, and that a violent breeze is about to be applied to ties that should bind a people whose language, habits, pursuits and principles are the same, and whose mutual interest prompts them to be one in sentiment as well as in locality. In thus declaring my understandings on this subject, which I have every reason to believe are felt generally by the Citizens of this State, I entertain the hope that the enlightened Authorities of the Territory of Iowa will permit to be offered no obstructions to the peaceable and quiet Administration of the Laws of Missouri within the Limits and Jurisdiction of the State.

In testimony whereof, I Silbern W. Boggs, Governor of the State of Missouri, have hereunto set my hand, and caused to be affixed the Great Seal of the State of Missouri. Done at the City of Jefferson in this State, on this Twenty fifth day of August in the Year of our Lord one thousand Eight hundred and thirty nine of the Independence of the United States the Sixty fourth, and of this State the Twenty fourth.

By the Governor

Silbern W Boggs

Jas L Minor Secretary of State

31 The Governor granted five certificates that on 12th 14th days of December A.D. 1839 Frederick Strother was a Notary Public for St. Louis County—

28 The Governor issued the following proclamation, on having submitted to him, a series of Resolutions adopted by the Legislature of the Territory aforesaid, and the County Court of Clark County, on the subject the difficulty existing in relation to our Northern Boundary, to wit:

A Proclamation

By the Governor of the State of Missouri

State of Missouri
Executive Department
City of Jefferson
Dec. 24. 1839

Information has been received at this Department that the exercise of the rightful jurisdiction of the State of Missouri has been suspended over that portion of the domain of said State (which it is pretended belongs to the Territory of Iowa) by the adoption of the following preamble and Resolution, on the part of the Council and House of Representatives of the Territory of Iowa, and the County Court of Clark County in this State;

"Preamble and Resolutions relative to the difficulties between the Territory of Iowa, and the State of Missouri.

Whereas, an unfortunate crisis has arrived in the difficulties heretofore existing between the State of Missouri, and the Territory of Iowa, in relation to the boundary line between the two Governments — and whereas the Territory of Iowa under any circumstances, would deprecate any military collision between the forces of said State and Territory, fully believing that the most friendly feelings exist between the great mass of the citizens of the respective parties, and whereas the organic law of said Territory renders it impossible for the constituted authorities of said Territory to accede to the proposition hitherto made by the citizens of Missouri, although they fully reciprocate the kind feelings evinced by the late delegation from the County Court of Clark County. Therefore

Resolved, By the Council and House of Representatives of the Territory of Iowa, That the Officers now on duty, on the part of the State of Missouri be requested to suspend all further military operations on the part of the said State, until these Resolutions can be submitted to his Excellency Governor Boggs.

Resolved That his Excellency Governor Boggs, be requested to authorize a suspension of hostilities on the part of the State of Missouri, until the first day of July next, with a view of removing the unfortunate difficulties, now existing between the State of Missouri, and the Territory of Iowa adjusted by the action of Congress.

Resolved That his Excellency the Governor of Iowa be requested to suspend all further military operations, until the decision of his Excellency

of Gov: Boggs may be obtained relative to the propositions herein contained.

Resolved, That the Governor be requested forthwith to forward a copy of these Resolutions to the Governor of Missouri, one to the County Court of Clark County, and Copies to the officers in command on the disputed ground to be by them presented to the officers of the Missouri forces.

Edward Johnston
Speaker of the H. of Rep.
S. Hempstead
Pres: of Council.

"

Information has also been received at this Department, from the Sheriff of Clark County, that he is at this time imprisoned within the limits of the said Territory of Iowa, that an indictment had been found against him, and the day appointed for his trial, for the just and proper exercise of the duties of his office within a district of Country over which, by the legislative action of this State, its jurisdiction has been declared.

The Executive of this State has heretofore officially expressed his fraternal regret, that this controversy should have arisen, and that any collision of feeling should have been engendered between the Citizens of this State and their Neighbors of Iowa territory, whose true interest, the ties of friendship and harmony should ever remain inviolate. This regret is also heightened by the conviction from all the evidence presented that it is the general wish, that this unpleasant difficulty should be terminated.

It, as the Executive head of the State of Iowa, that by concurring in the foregoing Resolution (from corresponding that I had the honor) that I would do manifest and the grant information to the wishes of the Legislature of this State, in the enactment of those laws which have established its jurisdiction, and in relation thereto have governed the duties of this Executive. The Resolution requests that the Governor of this State" authorize a suspension of hostilities on the part of the State of Missouri until the first day of July next, with the view of having the unfortunate difficulties now existing between the State of Missouri and the Territory of Iowa adjusted by the action of Congress". I have heretofore expressed any convictions that the laws gives me no such authority and that I am not clothed with power to authorize a suspension of military operations when they are

1839. rightfully and legally demanded to aid in the distribution and faithful execution of the laws throughout the State. It is unnecessary to repeat that that conviction remains undimmed, and I cannot entertain a conception in the resolutions in any other light than a justifiable encroachment on the powers of that department of this Government, to which, by the division of our Constitution, the suspension of any law is wholly entrusted, and I should feel equal repugnance to approve the resolutions because thereby I am requested to concede the power that the Congress of the United States had the right to decide upon the question of boundary between the Sovereignty of Missouri, and the Territory of Iowa. I must be caused from performing any act which by any construction can for one moment admit or concede to the Congress of the United States the right of exercising any authority, not expressly derived from the Constitution over a territory, to which it never been relinquished the title of the general Government, which has been unalterably connected to the State of Missouri, and which is described by metes & distinct, that none but the wilfully perverse can mistake them. The Constitution of said declared limits of this State Congress has no power to alter, for the General Government had irrevocably transferred to this State, by the act of its admission, the exercise of all sovereign power over its included territory. The General Government has no right to take from the State of Missouri one inch of its declared limits, and, in my estimation has no course left but to approve the Legislative action of this State, by which its boundaries have been finally and openly decided. The right of Missouri in this case is paramount, and the interference of any power in the exercise of its local domestic matters, is a gross and palpable violation of its individual Sovereignty. With the action of the General Government beyond the limits of this State Missouri has no other than a general concern. Congress may, in its discretion, attach one half of Iowa to this State, or any other State or Territory of the United States, but even by the act establishing the Territorial Government of Iowa, it has expressly reserved to itself that power, but even this it cannot do, so far as the State of Missouri is a party, unless with its declared consent. This power it only exercise, but to admit that it has the right to detach any portion from the constitutional limits

of this State is an acknowledgment that strikes at the
existence of the mutual compact, and at the fundamental
principles of our Confederation.

I deem it unnecessary to enlarge upon this
principle, for it is one so clearly defined, and universally
acknowledged, that in all the dissensions, that have at
different times disturbed the harmony of the States of
this Republic, it has never been thought sufficiently dan-
=gerous to warrant a controversy.

For these reasons, I do not conceive that I have
any power, nor if I had, could I in the conscientious dis-
charge of my executive duties, concur in the resolutions
submitted to me. I am constrained however to regard
their adoption by the County Court of Clark County, as
an evidence of the sincere desire of that body for the
preservation of peace, and the maintenance of friendly
feeling with their frontier neighbors, and this expres-
sion of the collected will of "the great mass of the citi-
=zens of that County deepens my regret that the con-
stitution and my oath compel me to disregard their
declared voice in order to maintain inviolate the
supremacy of the law.

Now Therefore I Lilburn W. Boggs
Governor of the State of Missouri do hereby express my
dissent from the foregoing resolutions, which have been
this day submitted to me, and hereby order that no
suspension of civil or military functions under the
laws of this State be allowed within its rightful limits
as declared by the laws thereof, and I do furthermore
call upon each of the officers of the State of Missouri, ci-
=vil and military, that they use all legal power
to prevent any violation of law, or exercise of foreign
jurisdiction within the limits aforesaid, and that
therein, to the full extent they exercise their respective
duties, in conformity with the laws of this State.

In Testimony Whereof, I have hereunto
set my hand and caused to be affixed
the Great Seal of the State of Missouri. Done at
the City of Jefferson, this 27th day of Decem-
=ber, in the year of our Lord, one thousand eight
hundred and thirty nine, of the Independence of
the United States the sixty fourth, and of this
State the Twentieth.

By the Governor
Lilburn W. Boggs

Jas. L. Minor Secretary of State.

1840
